

BBS Charities, Inc.

About the President

Angelika Carr resides in Woodbury Minnesota.

Her son attends Crosswinds Arts and Science School. Alexander suffers from a learning disability, dyslexia and she has been proactive in his education. Actively involved in the community, it became apparent to her that the public school system needed additional funding.

From December 1st, 2005 all donations to BBS Charities Inc. will be earmarked for Crosswinds Arts and Science School. BBS Charities Inc. does not discriminate on race, religion, sex or age. All children are treated equally and charitable work is done in conjunction with school administration. The school draws its students from ten St. Paul school districts.

She was involved with the startup Saint Croix Academy Montessori, and has been actively involved in the education of local children for many years.

She has a Bachelor of Arts degree from the University of Minnesota and is passionate about making an impact on the youth of Crosswinds Arts and Science School.
